Toyota Vehicle Speed Sensor- to an Atlas Transfer Case

KIT CONSISTS OF:

No.	Qty	Part No.	Description
1.	1	300607	SENSOR- VSS TOYOTA CABLE SPEEDOMTER
2.	1	300610	SPEEDOMETER CABLE

Optional Items:

301506

NOTES:

This kit allows you to retain the factory Toyota Vehicle Speed Sensor when installing an Atlas Transfer Case. A speedometer cable is used with a VSS sensor connected. This short cable couples to the Atlas speedometer housing P/N 301506. The speedometer can be calibrated by changing the speedometer drive gear.

SPECIAL NOTE: The components packaged in this kit have been assembled and machined for specific type of conversions. Modifications to any of the components will void any possible warranty or return privileges. If you do not fully understand modifications or changes that will be required to complete your conversion, we strongly recommend that you contact our sales department for more information. This instruction sheet is only to be used for the assembly of Advance Adapter components. We recommend that a service manual pertaining to your vehicle be obtained for specific torque values, wiring diagrams and other related equipment. These manuals are normally available at automotive dealerships and parts stores.
